

*Chosen to 2007 Super Lawyers

DOLLAR, BURNS & BECKER LC

Dollar, Burns & Becker, LC, has become the country's go-to law firm for people who were involved in trucking accidents. During the past 20 years, Dollar attorneys have built a national reputation for harnessing their years of courtroom experience to successfully represent trucking accident victims. *Lawyer's Weekly USA* named the firm "one of the country's leading authorities on truck accident cases."

PRACTICE AREAS The attorneys at Dollar, Burns & Becker work to secure justice for those who have been harmed by negligent actions and misconduct. The firm concentrates on trucking accidents involving catastrophic injuries, wrongful death, truck driver fatigue and logging violations, and catastrophic vehicular injuries. Other practice areas include nursing home abuse and neglect, group home abuse and neglect, medical malpractice, personal and products liability, breach of insurance contracts and commercial litigation.

VETERAN PROSECUTORS Most of the firm's six attorneys spent many years as prosecuting attorneys. In these roles they gained vast experience in trial work and presenting cases to juries. They now use their courtroom expertise and technical knowledge of truck crashes on behalf of plaintiffs. They investigate incidents, create sharp legal strategies and present their cases to judges and juries.

THE WORLD IS FULL OF LITIGATORS. THERE ARE FEW TRIAL LAWYERS. WE ARE TRIAL LAWYERS.

IN THE TRENCHES "Our lawyers have been there in the trenches. If a case needs to be tried they are willing and have the ability to bring that case to trial. They end up with a better result," says Tim Dollar, founding partner of the firm. Dollar was named to the *Missouri & Kansas Super Lawyers*® Top 100 and Top 50 Kansas City lists.

INFLUENCING CHANGE In addition to representing clients, Dollar, Burns & Becker makes it a priority to secure changes in state and federal transportation laws, and they pursue modifications in companies' policies to prevent future accidents. After winning a wrongful death case against Werner Enterprises involving a driver trainee, the firm's lawyers convinced the company to modify its driver-training program to improve safety.

CLIENT-CENTERED The lawyers at Dollar, Burns & Becker lawyers are passionate about representing clients and giving cases their signature care and attention to detail. "I know when clients walk through my office door, on that day their cases are the most important thing in their life at the time," says Dollar. "It better be the most important thing in mine."
